Hello George,

Thank you for your e-mail of October 13, 2021.

I'm disappointed to learn that LCHIP can't increase our grant to reflect the higher project cost based on the bid we received and accepted. You commented, however, that we could apply for additional support in the next LCHIP round. To clarify this: in order to do that would Jaffrey have to submit an entirely new and full application or would an abbreviated request documenting the higher cost and requesting increased support be sufficient?

Second question: If we were to make a request in the next round, when does that round open for applications/requests?

I am presently working on the request for the First Disbursement, following the "LCHIP Historic-Resource Project Checklist." I can find nothing that details how requested information should be submitted to LCHIP, i.e. electronically or hard-copy. And to whom (I assume to you).

The last item on the Checklist relates to Land Trust Alliance Standards. Our Board of Selectmen adopted a resolution related to this during our previous LCHIP project, the Meetinghouse Roof. (See attached below.) Is this resolution sufficient for the current project or does the Board need to adopt it over again?

Regards,

Rob
