Thanks for sharing this with me, Michael. This looks very thorough: You have left nothing to chance. Good luck with the bidding process: I hope you have multiple good proposals to choose from –

George

All,

Attached is the Scope of Work for the Meetinghouse Tower Rehabilitation project. I will be doing one final review on Monday prior actually being made available to bidders. As per standard bidding protocol, we can (and will) issue addenda to bidders as necessitated by further review by LCHIP and as questions arise from bidders.

Regards,
